APPROPRIATION FOR THE PARK

Common Council Adopts Resolution Carrying $6,316.84

TO ERECT NEW LIGHTS

Superintendent of Mount Vernon Asks For Forty Yards of Cobblestones For Improvements.

The sum of $6,316.94 was appropriated by city council at its meeting last night for the purchase of George Washington Park,and according to the terms of the resolution the money is to become available when a satisfactory deed is prepared for the city.

Councilman Brumback thought the property should be surveyed before it was purchased, although he said, Mr. Boothe told him a satisfactory deed for the property could be given.

A letter from G. L. Boothe, counsel for Washington Monument Association, presented by Councilman H. R. Burke, was read. This letter set forth that the association would transfer to the city all of is holdings in the park with the exception of certain lots in block No. 5, and also right of way to streets and alleys.

Councilman H. R. Burke said the deed had been gone over and was satisfactory to the city.

Councilman Brumback desired to have the deed read. Councilman Bryan said some changes had been asked for in the deed, although council, he said, has no funds to make a survey.

A part of the deed prepared was then read by Councilman Bryan. A description of the property was given Council by Councilman H. R. Burke. The property he said contained about 25 acres. In his opinion the price is cheap, and he declared it would be a calamity for the city not to accept the proposition.

Councilman A. D. Brockett agreed with Councilman Burke.

After Councilman Brumback declared he was not opposed to its purchase, a vote was taken and by a vote of 13 to 0, the resolution was adopted.

An adverse report was made by the finance and general laws committee on the resolution of Councilman Ballenger appropriating $1,000 for repairing cemeteries of the city and its report was adopted.

Councilman Bryan said that the committee took the position that cemeteries are private property and council had no rights in the matter.

A petition of the Central Garage to regrade sidewalk in front of its premises, Washington street between King and Cameron streets, precipitated a debate when Councilman Marbury, of the street committee, stated the work had already been done.

President Smith asked if such was the case what was the necessity for the introduction of papers presented asking permission.

According to Councilman Bryan it looks like a change of grade. He thought it was somebody's business to see why the work was done without permission of council. On motion of Councilman Bales the matter was referred to the street committee.

Resolution of Councilman Bales that the city engineer report cost of paving with vitrified brick square on Pitt street between King and Prince streets, was referred to street committee.

The sum of $300 was appropriated for granite curbing and 10 foot sidewalk on north side of Cameron street from West street adjoining new public high school building.

Councilman Brockett desired to know who was going to build approaches to school building. He thought council should erect steps and proper approaches.

The sum of $75 was appropriated for covering over opening in tan yard sewer through property of C. C. Smoot Sons & Company.

Councilman Brockett, declared that sewer going to river in northeastern section is not covered and should be given attention.

A petition of the Mutual Ice Company asking council to grant it permission to give to the Mount Vernon estate, H. H. Dodge superintendent, 40 yards of the 200 yards of cobblestones recently given them by council, was referred to street committee. Councilman Marbury declared the city needs at the present time all the cobblestones it can get which he said are hard to obtain.

A. G. Uhler, secretary of Alexandria-Washington Lodge of Masons, presented a communication from that lodge in which it asked council to use metallic cans for ashes from city hall building instead of placing them in north wing of building directly beneath its temple, which thereby it was set forth is menaced by fire. This was referred to the street committee.

A petition signed by Rev. Father Kelly and Puckett Harvey asking for sewer on Pendleton street between Washington and Columbus streets, was referred to street committee.

Resolution appropriating $125 to purchase and install fire plugs in annexed territory in Alexandria county was referred to fire committee.

Petition of Jacob Rose asking that he be allowed to pay $37,50 for a quarter of a year's license instead of $150, he having gone out of the business of pawn broker, was referred to finance committee.

Petition of John A. Lannon to erect roof over stable yard on Pitt street between Cameron and Queen streets, was granted.

An invitation from Anne Lee Memorial Association to attend its bazaar was accepted.

On the recommendation of the joint committee on light and finance, forty-three forty candle power incandescent lights will be used in the recently annexed territory, and this committee was authorized to enter into a contract for them with the Alexandria County Lighting Company, incorporated. Forty-two of the lights, to burn all night, will cost $19.50 a year and one to burn until 2 a. m., will cost $15 a year.

Councilman Brockett asked the cause of delay of action on his petition for a light at Washington and Cameron streets, which square he declared to be very dark. He said he would let some one else offer the resolution if it would help matters and wanted the matter referred to the light and finance committees.

Councilman Bryan suggested that Mr. Brockett offer a new resolution, the matter already, being in the hands of the light committee.

Board of Aldermen

Six Aldermen were present last night, including Mr. W. W. Ballenger, who had been absent during the past few weeks on account of indisposition.

A resolution appropriating $1,200 for the extension of the Henry street sewer northward, received from the Common Council at the last meeting and laid over was passed. Mayor Fisher in a communication called the attention of the board to the fact that the paper was endorsed as having passed both boards on the night of its introduction. This was the result of a clerical error.

The Mayor also returned to the board without his approval a resolution providing for the sale of the horse, harness and buggy now used by the Chief Engineer of the Fire Department. He suggested that before this could be done it would be necessary to repeal certain ordinances regulating the Fire Department.

The Mayor's objections were sustained by a unanimous vote.

His honor also returned a resolution appropriating $ 0 for placing signs at the city limits and announcing speed limits. He said he would allow the resolution to become operative without his signature but it was not in conformity to section 13 of the charter, as it had received but five votes in the Aldermen.

The committee on light submitted a report recommending that electric lights be placed at certain points in the newly-annexed territory. The report, which was amended by the Aldermen, provides for forty-three 40-candle power incandescent lights at various points. The report was adopted.

The Mutual Ice Company sent a petition asking permission to turn over forty yards of cobblestones to H. H. Dodge, of Mount Vernon. The petition was referred to the committee on streets.

The board concurred in the action of the Common Council on all papers sent in except the resolution appropriating $6,315.94 for the purchase of George Washington Park, which was laid over under the rule.

ITALIAN LINER IS TORPEDOED

Women and Children Among Passengers on Ill-fated Steamer

300 HAVE PERISHED

Austrian Submarine Fires One Hundred Shots at Defenseless Ship Before Sinking Her

London, Nov. 10—Three hundred of the Ancona's crew and passengers, mostly women and children, have been drowned, according to a Lloyd's dispatch from Bizerta. The dead include many emigrants and probably some Americans, the dispatch says:

Only 270 have been reported saved thus far from the torpedoed Italian liner Ancona, a Rome dispatch this afternoon states. This seems to dispose of earlier reports, which totaled 466.

The liner carried 422 passengers and a crew of from 100 to 160 men.

All accounts speak of some of the survivors as injured.

This apparently is explained by later reports saying that the submarine fired 100 shots at the liner before launching the torpedo. If these reports are true it was thought more than likely that the Ancorn attempted to escape and was shelled as she fled from the submarine, shells bursting over her decks.

Rome, Nov. 10—The fate of 311 passengers and seamen unaccounted for among those on the Italian line steamship Ancorna sunk by a submarine flying the Austrian flag late Tuesday, is still uncertain here today.

It has not yet been possible to learn whether there were Americans among the 270 survivors landed at the French naval station of Bizerta on the African coast.

The figures are approximate, but are believed to be nearly correct. That the passengers numbered 422 is known definitely from the Italian line's records in Naples. The crew's full complement is 160 but whether it included exactly that number of men when the Ancona left on its voyage is not certain.

From the fact that first reports of the disaster said many of those landed at Bizerta are wounded, it is believed that there can have been very little if any warning given by the submarine.

There might have been drowning while the crew and passengers were getting into the boats or by loss of the boats themselves, after the Ancona had been torpedoed, it is pointed out, but it was only by a torpedo that the wounds could have been inflicted, naval experts declare. This is taken as meaning that the missle was fired while crew and passengers were still on board.

No account has yet stated where the attack on the Ancona occurred. From the fact that the survivors were landed at Bizerta, however, it is inferred that it must have been in the vicinity of the Tunisian coast, Bizerta being only thirty-eight miles north west of the city of Tunis.

This, too, would be a fair conclusion in view of the sailing date of the liner Tuesday.

It carried a large general cargo but, being west bound, no arms or munitions company officials report.

OIL LADEN STEAMER AFIRE.

The Livietta, Carrying 40,000 Cases of Gasoline, Has Crew of 26 Rescued.

Galveston, Nov. 10.— A wireless received here from the steamer Gulf Stream early today reported that the Italian steamer Livietta, carrying 40,000 cases of gasoline and 80,000 cases of oil was afire, about sixty-five miles east of Sabine Pass.

The Gulf Stream, was standing by the abandoned vessel, the crew having been taken off by the tug Russell. The Livietta was owned in Genoa, Italy, and carried a crew of twenty-six.

WOMAN WINS SUIT

Miss Eva Fullhart Awarded $4,000 Damage in Breach of Pohi

William V. Thrush, 45 years old, of Burlington, W. Va., will have to pay Miss Iva Lea Fullhart, $4,000, this being the amount of heart balm allowed her by a West Virginia jury. So decided the United States Circuit Court of Appeals in an opinion yesterday upholding the district court at Martinsburg.

This was the second time the case had been up before the appellate court. On the previous occasion, when Miss Fullhart was allowed $5,000, the lower court was reversed and the case was remanded for another trial.

Miss Fullhart, who is now forty-four years old, sued Thrush for breach of promise, instituting action for $15,000 in June, 1912, not long after he had married another woman.

Thrush's principal defense was the plea of statute of limitations, claiming that Miss Fullhart did not institute action within one year of the breaking off of the engagement, as required by the West Virginia laws.

On Marsh 25, 1909, according to the records, Thrush sent a postcard to Miss Fullhart containing the words "To my sweet love," in a wreath of forget-me nots.

On the card he said: "I passed the fortieth milestone of my existence not long since. Don't see any difference since I have become an old bachelor. Believe I am better looking than ever, and you know I always was a great beauty. At least, some lady used to tell me so."

The records also show that Miss Fullhart, advanced Thrush certain sums of money to aid in completing his education, Thrush being then a ministerial student.

Though he graduated in this course it appears that he never followed the avocation of a preacher, preferring life on the farm instead. In 1910 his father died in West Virginia and left him an estate valued at $17,000.

WILL FIGHT TO FINISH

Premier Asquith Says Allies Are Sure to Win in Present Contest.

London, Nov. 10—"The conditions under which the allies will lay down their arms are the same now as they were a year ago," declared Premier Asquith in his speech at the Guildhall banquet last night in honor of the new lord mayor of London. It was the first reference that he has made to the recent rumors of peace negotiations. He added:

"Be the journey long or short, we shall not cease nor falter until we have secured for the smaller states of Europe a charter of independence and for Europe itself, what we all have at heart, final, emancipation from a reign of force."

In beginning his speech, Mr. Asquith said:

"There is no more doubt now than there was a year ago that England is right and will win."

He defended the censorship and referred indirectly to the recent suspension of the Evening Globe for publishing a report that Lord Kitchener had resigned.

There was a brilliant assemblage at the banquet. The ambassadors and ministers of all the allied powers were present.

Ambassador Cambon, of France, responded to the toast, "Our Allies," and declared that the Germans were seeking to dominate the world by terror.

"Their odious acts," he said, "have dishonored the nation and those who govern it, and have strengthened the resolution of the allies to resist and conquer, From the day of the assassination of Nurse Cavell voluntary recruiting in England has received fresh impulse."

Arthur Balfour, first lord of the admiralty, declared that the German triumph was not due to the shortsightedness of British diplomacy, but to "Bulgarian greed and fear." The central powers had been utterly foiled of their object on the western front, he said.

SERBIAN PERIL STILL APPARENT

Plucky Little Nation Striving to Elude Trap of Invaders

POSITIONS RETAKEN

Only In Southern Zone Is Growing Strength of Allies Beginning to be Manifest.

London, Nov. 10—Every day, every hour, adds to the peril of the Serbian armies, which are fighting desperately to hold back the Austro-German forces, pressing them from the north, and the Bulgarians, invading their country from the east, until the assistance their allies are sending can reach them.

The Bulgarians have extended their grip on the Belgrade-Saloniki railway north and south of Nish, and have occupied Leskovac, south of the captured capital ,and Aleksinacv, to the north, at the latter point they are in close touch with the German army, which, after occupying Krusevac, extended its left wing as far as Djunis, on the left bank of the Bulgar Morava.

The Austro-German forces, advancing southward, are making progress, except in the west, where they are being held by the Montenegrins. The invading forces are now reaching the most difficult part of Serbia, the mountainous region, where the natives knowing every hill and gully, can offer the strongest resistance. The Austrians and Germans, however, are plentifully supplied with mountain guns, with which they expect to drive the defenders from their fastnesses.

In the south the ever - growing strength of the French and British forces is beginning to tell. They are carrying on an energetic offensive against the Bulgars, have managed to keep the railroad clear as far as Veles and are barring the Bulgars' route to Monastir.

While it will be some time before the Germans can sufficiently repair the northern end of the railway for the transport of troops and munitions their successes have enabled them to send supplies to the Bulgarians and the Turks by the Danube as far as Nikopolis, from which point they can be sent by rail to Sofia and Constantinople.

Athens, Nov. 10.—The French recaptured the southern Serbian town of Veles from the Bulgars today.

A message from the front reported renewed fighting at Babuna pass, northeast of Prilep.

It is believed iin Athens that the fighting is in connection with Serbo-Franco-British operations to clear that part of Serbia completely of the Bulgars, inasmuch as the latter were badly defeated in the Babuna pass district several days ago, and their main body retreated to the eastward.

British troops, moving to re-enforce the French at Veles, have captured the Bulgar positions in the Doiran district, eight miles north of the Greaco-Serbian frontier at the point where it is crossed by the railroad and eighteen miles south of the southwestern Bulgarian town of Strumnitza.

Veles, now held by the French is on the Nish-Saloniki railroad, fifty-five miles northwest from the point where the railroad crosses the Graeco-Serbian frontier.

The Bulgarian position at Veles has been extermely precarious for several hours. The superiority of the French artillery placed the Bulgars at a disadvantage.

Serbians, descending on the Bulgarians through the Kutchanik defiles, east of Prisrend, have also heavily defeated a Bulgar force which was advancing from Uskub against Prisrend.

Uskub is near the Nish-Saloniki railroad, thirty miles northwest of Veles.

WRIT REFUSED.

Supreme Court of Appeals Decides Adversely in Campbell County Case. One Writ is Awarded.

Richmond , Nov. 10.—The Supreme Court of Appeals of Virginia on Monday refused two petitions asking for rehearings and awarded a rehearing in a third case.

The court declined to interfere in the case of the Board of Supervisors of Campbell County and R. W. Callahan, treasurer, vs. Wilson & Manson and Caskie & Caskie, two law firms. The lawyers sued to recover fees alleged to be due for professional services in proceeding involving the estate of Winnington L. Moorman, who died May 2, 1912, in Lynchburg, leaving real estate and personal property worth $57,979.25.

The action was brought in the Corporation Court of Lynchburg, the style of the chancery suit being Watkins L. Moorman vs. Winnington L. Moorman's executor, etc. The decree was adverse to the supervisors.

Rehearing was refused in the case of Glenn & Mottley vs. J. E. Thackston's administrator and others, which came up on appeal from the Circuit Court of Halifax, The suit grew out of the contested sale of a tract of land for $650, Martha J. Thackston being the purchaser.

Writ of error and supersedeas was awarded in the case of Isaac Klaff, vs. the Virginia Railway and Power Company, appealed from the Court of Law and Chancery, Norfolk. The petition in this case was previously presented to the judges in vacation and rejected. On a hearing in open court, however, the appeal was allowed, the petition being supplemented.

Klaff sued the railway company, asking $20,000 damages for false arrest and malicious prosecution. He was arrested last January on a charge of stealing car journals, check plates and trolley wheels valued at $60 belonging to the company. Klaff was indicted, but on trial was acquitted of the charge brought by agents of the street railway. His suit for damages was dismissed.

The court has refused an appeal in the case of Madison against Conway. The case comes up from Charlottesville, where Conway, the manager and Mayor of the city, was alleged to have inspired the arrest of a woman who kept a boarding house on the charge that she was conducting a disorderly establishment. The petition alleges that a man and a woman were employed by the police to go to the place and register as man and wife; they did so and in the dead of night the place was raided and they were arrested, as was also the woman operating the boarding house.

She brought suit for malicious prosecution, claiming damages for false arrest and the consequent loss of business. The case was tried and counsel for the defense entered a demurrer to the evidence, which was sustained by the lower court. The court sustains the action of the trial court and the case is ended.

EMPEROR CROWNED.

Yoshihito Proclaimed Ruler of Japan Today.

Kyoto, Japan, Nov. 10.—Yoshihito was crowned Emperor of Japan today in a glittering ceremony which combined all the pomp of the modern world with weird and impressive rites that have come down through the centuries from the dim beginnings of the national existence.

The Emperor really has ruled since July 31, 1912, the day following the death of his father, Mustsuhito, but not until today's ceremony, staged in the ancient espital of Japan, did his ancestors become regularly informed of his accession.

This morning the Emperor presented offering to his ancestors and worshiped them, informing them that he had inherited their throne. This afternoon he took his seat on the throne and by the action announced his accession to his subjects and to the representatives of foreign countries.

The foreign representatives, the Japanese nobility of higher ranks, ministers of state, and high officers of the army and navy were assembled in a new hall erected for their accommodation in the courtyard of the palace. Strikingly conspicuous in the glittering mass of uniforms and decorations was the republican simplicity of the American representative, Ambassador George Guthrie.

BANKS MUST GIVE INFORMATION

Required to Furnish Names of Depositors and Amounts

POLLARD'S OPINION

Attorney General Submits to State Advisory Board of Taxation a Far-Reaching Decision

Richmond, Nov. 10—All banking institutions in Virginia must disclose on demand of the taxing officers of the State complete lists of their depositors and the amount of their time deposits" and "savings deposits."

All deposits in bank that draw interest must be returned for taxation the same as other intangible property.

No distinction is made between national banks and State banks. In the matter of the money tax, they are in the same class.

Such is the opinion given by Attorney-General John Garland Pollard to the State Advisory Board on Taxation and adoption by the board for the guidance of local boards of review and other taxing officers yesterday.

The opinion of the Attorney-General will be received with some degree of consternation in financial circles. It is not improbable that the national banks will contest the opinion and carry the matter to the Federal courts. Prominent bankers and business men have expressed the opinion that compulsory disclosures of this nature would have the effect of causing withdrawals of deposits, and thereby drive capital in large volume from Virginia.

Asked for his personal opinion of that theory last night, Attorney-General Pollard said: "The money tax in many other States is as large or larger than in Virginia, but I am not prepared to discuss whether or not the law will drive money from the State. He can only interpret the law. What the General Assembly has done is a matter of legislative policy, with which his office cannot interfere."

All of the members of the State Advisory Board were present at the meeting held yesterday, when the Attorney-General's opinion was formally considered and adopted. The question on which Mr. Pollard passed was raised by the local board of review of Wise County.

REFUSES TO LESSEN BAIL

Three of Alleged Bomb Plotters To Await Trial in Prison.

New York, Nov. 10.—Lieut. Robert Fay, late of the German Army, and the four men whom the United States Government has grouped with him as defendants in a charge of trying to blow up munitions ship, yesterday pleaded not guilty to the indictment found yesterday against them. Federal Judge Howe said he would allow the present bail of $25,000 in each case to stand.

Speedy trial, three weeks or a month hence, probably, for the defendants was promised, on behalf the Government by Assistant District Attorney Knox. Fay, and his brother-in-law, Walter Schotz, and Engelbert Bronkhorst, unable to give bail, were sent back to the Tombs. Max Breitung and Herbert Kienzle, who have been at liberty under $25,000 each, were released, their bondsmen agreeing to continue their surety.

Counsel for the accused men sought persistently to have their bail lowered. Mr. Knox vigorously opposed the motion, and referred to the passports fraud case, where bail was fixed at $20,000 in each case.

"In the judgment of the Government," Mr. Knox said, "blowing up ships is a crime more serious than a passport fraud. These men are charged with a diabolical scheme to put bombs on ships in this port, set so as to destroy the vessels when they reached the high seas. The men who were engaged in it were but little removed from assassins."

Committee of Fire Underwriters Hold Conference With Alexandrians

Messrs. Waller, Jennings, Harris and Michaels, a committee of the Fire Underwriters' Association, visited this city again today for the purpose of holding a consultation with the fire committee of the City Council and representatives of the fire companies.

Aldermen C. J. W. Summers and George Robinson and Councilman William Desmond, composing the fire committee, were present, also E. C. Wildt, Richard Mumford, J. H. Trimyer, S. W. Pitts, W. W. Payne, Jos. E. Schwarzmann, R. E. Knight, John Monroe, W. W. Ballenger, Harry White, James Duncan and City Engineer E. C. Dunn.

W. A. Smoot, Jr. chairman of the Alexandria delegation, presided, and K. W. Ogden was secretary. The conference was held in the rooms of the Chamber of Commerce.

The committee of the underwriters virtually went over the same ground covered by them a year ago. They insisted upon improved fire conditions in this city, alleging that there was a shortage of apparatus, no modern fire alarm system, an inadequate water supply, and imperfect building laws.

It was suggested that should the city fail to procure these alleged essentials the rate of insurance might be increased.

The Alexandria committee will meet later and formulate a report on prevailing conditions.

UNION SERVICES.

Rev. O. W. Triplett, Pastor of the Second Baptist Church, Delivers Sermon.

The Union Services were well attended at the First Baptist Church last night when Rev. O. W. Triplett, pastor of Second Baptist Church, preached, He took as his text, "And they crucified Him." He described in an earnest manner the circumstances of the Lord's death on Calvary for the sins of the world. He said the power of all evil was massed against God's Son, but he came out victorious over death and the grave, There were six or eight who desired to confess Christ. Services this evening at 7:30, prayer meeting at 7:15.

SUICIDE IN THE PARK

Man Found Dying on Drive With Bullet in Breast

Philadelphia, Nov. 10—A man believed to be Joseph H. Phillips, 40 years old, of No. 112 North Eighteenth street, died last night in St. Timothy's Hospital after shooting himself through the chest above the heart, yesterday afternoon. Park Guard Wehn found him unconscious on the ground at the side of Wissahickon Drive below the Walnut lane bridge, Wehn having been attracted to the spot by the report of the revolver. Letters were found in the pocket of a coat worn by the man They were addressed to Joseph H. Phillips, Hotel Hampton, and to No. 573 North Twentieth street. The man was rushed to the hospital in an automobile, but died within a few minutes after being admitted.

SKID KILLS AN AUTOIST

One of Two Hunters Forfeits Life At Embankment

Waynesburg, Pa., Nov. 10—C. J. Mathews, aged 40, a real estate dealer, was killed and Rudolph Brendt, 25, a hotel keeper, both of Charleroi, was injured early yesterday when an automobile in which they were riding on a hunting trip skidded and went over an embankment.

REACH AN AGREEMENT.

Greece, It Is Said, Has Resolved to Stay Out of The War.

Athens, Nov. 10. — Bulgaria and Greece have reached an agreement which will keep Greece out of the war, according to the Athens press today.

Bulgaria, these accounts say, will demoblize at the end of its Serbian campaign and promise not to cross the Dioran-Gyevgyeli line nor to enter Monastir.

Should military operations against Monastir become absolutely necessary, it is arranged that Germany shall conduct them without Bulgar participation.

Gyevgyeli is the first Serbian town north of the Serbo-Greek frontier, from which it is hardly a gunshot distant. Doiran is five miles farther north. Both are on the Nish-Saloniki railroad.

This means a Bulgar pledge to keep outside Greece.

Monastir, in soutawestern Serbia, eight miles north of the Greek frontier, is a point where the Greeks consider that a Bulgar stronghold would menace their territory. They take it for granted, however, that Germany would have no object in holding it except as a temporary military necessity.

Though the arrangement outlined is deemed in Athens, at least in anti-war circles, of a nature to safeguard Greece, it would not seriously hamper Bulgaria in her plans for the conquest of most of Serbian Macedonia.

The Aathens newspapers quote "diplomatic authority" for their information.

SOBER SECOND THOUGHT.

The statement made in Richmond a few days to the effect that the Anti-Prohibitionists in the Legislature were preparing to test the constitutionality of the enabling act this winter was read with regret by many who voted against the measure one year ago. The measure was adopted by a decided majority of the qualified voters of the state. The Gazette, while doubting the practicability of prohibition, but acting upon true democratic principle, accepted the verdict of the people and suggested that as prohibition was an accomplished fact that the law should be enforced. We read a few days later that those opposed to the measure in the General Assembly had no intention of testing the validity of the law. The Norfolk Virginian-Pilot in this connection says:

The report that the liquor interests of Virginia were planning a resort to the courts in attack on the validity of the vote by which the enabling act passed the Senate is followed by a positive statement that no such movement will be made. We think that in every aspect of the case the latter is a wise decision. It may be true we incline to the opinion that Lieut-Governor Ellyson exceeded his constitutional prerogatives when as presiding officer of the Senate he exercised a function only attaching to the elected membership of that body. He was not a Senator and his vote could not, therefore, be legally counted as making up a majority of all the Senators, which was requisite to the adoption of the measure.

But conceding that point what could be accomplished at this stage of affairs by litigation over what was after all but a means of ascertaining the popular will as to Prohibition? That verdict has been rendered and it was decisive, mandatory that the traffic in liquor should be outlawed in this State. The Legislature soon to assemble is [illegible] committed to such legislation as will not in any way [illegible] the terms of the Enabling Act, to [illegible] in the premises. It will accept and be guided by the [illegible] instructions of the electorate, [illegible] the courts should declare that the election through which the instructions were voiced was illegal [illegible] by reason of a flaw in the procedure which ordained it. The liquor interests would gain practically nothing were the contention upheld. In fact they might lose the interval of grace granted by the terms of the Enabling Act under which they [illegible] until the fall of 1916 to close up their business. Besides this, [illegible] beneficial purpose to be served by the reopening of an issue which so long as it is unsettled must be a disturbing factor and absord attention and activities badly needed in the solution of other problems of government. It is of no real moment now whether the steps for obtaining a referendum on State-wide Prohibition were strictly regular or otherwise. The sovereign fiat has been entered and the Legislature neither will nor ought to disregard it.

DEMOCRATS HAVE CLOSE CALL

With official returns practically complete A. O. Stanley, Democrat, shows a majority for Governor of Kentucky over Edwin P. Morrow, Republican, of only 176. There is still talk among the Republicans of contesting the election.

In recent general elections in Virginia, when the democrats have had virtually no opposition, the Gazette as well as other democratic papers in the Old Dominion, has urged the importance of every member of the party casting his ballot. Many reasons could be urged to show why this should be done. Some suffragans, however, remain away from the polls when there are no competitors against the regular nominees of the party or when such are weak and to be despised. Such a practice breeds apathy and bodes no good to any political organization. The Richmond Journal in commenting upon democracy's close call in Kentucky says:

The people of Virginia should take warning from the conditions in our neighbor States. West Virginia, Tennessee, Kentucky, Delaware and Maryland used to be counted as surely and invariably Democratic. Some of them now are apparently hopelessly Republican and others are in the doubtful list.

Here we have been exceptionally fortunate. Perhaps we have been rather wiser than some other States. We have brought forward, from time to time, new men and have had clean administrations of our affairs and faithful enforcement of the laws and have avoided scandal. Yet even here Republicans made decided gains in the recent legislative and local elections. They are preparing to give us a fight next year for control of the State government and already are hard at work putting their claims before the people and organizing their forces.

Learning by conditions all about us the Democratic leaders in Virginia should be looking to the party fences. The fallacies and falsehoods and the exaggerations of actual faults now being put forth broadcast should be met. The policies and purposes for which the Democratic party of the State stands should be put forth definitely. The rank and file of the party should be warned that there will be serious danger of an overthrow unless strong men are put forward for the important offices. We will be confronted within a few months by a situation with which we cannot play. No party can safely take chances on the political habits of the people or take liberties with their good nature.

OBEYING TALLYRAND.

It is said that a religious enthusiast once sought Tallyrand and announced that he was about to inaugurate a new system of faith in France. The great diplomate told him he must first allow himself to be crucified. The man left disappointed. It seems, however, that a man in California, suffering under the strain of too much spiritual steam, determined to adopt Tallyrand's suggestion.

Attempting self-crucifixion, a stranger, who gave his name as Thomas D. Thornton, caused great confusion among the worshipers at St. Mary's Cathedral in San Francisco last Sunday, when, with a length of gas pipe, he drove a four-inch spike through each instep and nailed one of his feet to the floor. He uttered no cry of pain, and was restrained by ushers who were summoned by those near him. The action took place while the most sacred portion of the Roman Catholic mass was in progress. The fact that the congregation was kneeling gave the man the opportunity to remove his shoes unnoticed and drive the nails before being interfered with. It was necessary to use a hammer to pry the spikes loose.

NEWS OF THE DAY

An explosion of fire damp in the coal mine of the Kaiser Company, at Essen, Germany caused the death of nine miners and the injury of nine others.

Admiral Tseng Ju Cheng, governor of the Shanghai, China district, was assassinated yesterday.

The second note of Austria-Hungary protesting against the unlimited exportation by the United States of munitions of war to the allies, was made public yesterday by the State Department. Austria holds that the abnormal exportation of munitions to the allies is a violation of the spirit of neutrality and declares if the United States were to declare an embargo "in order to maintain its neutrality," it could not be said that such declaration was made "with a view of injuring one of the beligerent parties."

Another effort to settle the Washington brewery workers' strike yesterday ended unsuccessfully. The men have been on strike since April.

The Paris Temps prints a dispatch from its correspondent at Saloniki, which says: "The Bulgarian premier has made representations to the Greek minister at Sofia, protesting against the hospitality given the allied troops by the Greek government. He has emphasized a warning to the Athens government that it cannot hold the Bulgarian government responsible for the consequences."

Serious mutiny has broken out in the Bulgarian army and outbreaks have occurred in many cities, it is stated in a telegram from Bucharest. At Bielogradchik a whole battalion, which had refused to go to the front, were disarmed and half the soldiers were executed. At Phillippopolis, Kustendil and Varna there have been similar defections. Many officers as well as soldiers have been shot for refusing to fight against the Serbians.

A strange robbery, involving the loss of pearls valued at nearly $100,000, shipped to New York, on the French line steamship Rochambeau, arriving there election day, has became known. The pearls were insured for their full value with Lloyds in London.

A decree dissolving the Greek chamber will be published in Athens today. The expedient of the dissolution of the chamber was characterized by a supporter of Venizelos in an interview yesterday as unconstitutional. He considers that, saving with regard to the foreign situation, a general election would mean the ruin of the country. The result, he maintained, cannot be representative of the people's wishes, as two-thirds of the electorate will be unable to vote because they are serving with the colors.

Allen Godley, charged with seduction, was shot yesterday morning by Miss Alma Morgan, the prosecuting witness, in the District Court room of Corsicana, Texas. A bullet struck Godley in the neck, making a serious wound. The case against Godley was to have been heard yesterday.

The French steamship Yser, formerly known as the Berlin which was seized by a French cruiser last February while carrying a cargo of cotton from the United States to Germany has been torpedoed and sunk by a German submarine.

A $60,000 herd of prize Guernsey cattle belonging to Mrs. Scott Durand, of Lake Forest near Chicago, and condemned to death because of foot- and-mouth infection was slaughtered yesterday afternoon.

Two hundred and twenty-seven persons were killed in Cook county (Chicago) by automobiles from December 1, 1914, to November 1, this year.

VIRGINIA NEWS

One of the worst cases of destitution and distress that has come to the attention of the Richmond authorities in some time was uncovered yesterday at the home of A. W. Pantall, at 1018 West Cave street, Mrs. Pantall and her four little children, were found apparently on the verge of starvation. Mrs. Pantall, said that a five-cent loaf of bread was all that they had had to eat in the last day or two. Furthermore, her distress had been aggravated by a visit from one of the High Constable's deputies who went to levy on the household effects. The youngest of her children is only six weeks old. Mrs. Pantall blamed her husband for all the trouble, alleging that he was spending all his money on another woman. The husband was arrested.

The State Corporation Commission is to take a hand in the matter of railroad connections and the arrangement of schedules. All the steam roads in the State have been ordered to appear today and make answer to a proposition of the commission regarding the making of schedules, filing of the same, and the filing of notice of proposed changes with the commission prior to such change. The purpose of the commission is to take cognizance of the operations of some of the roads to the end that the public welfare may be served and some consideration shown for the interests of the traveling public.

When the case of Waldo Thorpe was called in Hustings Court in Richmond yesterday he failed to answer, though this was the day set for his trial on the charge of assaulting and threatening to kill Miss D. C. (Faun) Baker, while driving with her in an automobile at breakneck speed out Grace street the morning of August 21st last. Despite the plea of the young man's counsel that the case be continued until later in the month so that further efforts might be made to locate him, Judge Richardson declared his bond of $500 forfeited and ordered a capias issued for him. Thorpe's case was appealed from Police Court, where Justice Crutchfield fined him $100 and sentenced him to a term of six months in jail.

Harry A. Merchant, of Norfolk, a former bank clerk, in the employ of the Seaboard National Bank, has been given a conditional pardon by Governor Stuart. In April of this year the young man was convicted of stealing funds of the bank and was sentenced to a year in the penitentiary. The bank officers, Judge Hanckel, Commonwealth's Attorney Shackelford and others at once began an effort to get the young man relieved of the punishment, presenting a petition asking for clemency.

Fearing that he would be lynched by mobs from Petersburg and Hopewell, the authorities of those cities yesterday spirited away Osborne N. Brooke, charged with the murder of Gilmore Snead, from Petersburg and brought him to Henrico jail, where he is at present.

The mysterious disappearance last Friday of Father Benoit F. Favard, rector of St. Joseph's Catholic Church and parish school, in Norfolk, has caused considerable apprehension among the Catholic parishes of the city. Father Favard is a native of France, and has been in charge of St. Joseph's Church and parish for more than six months. Since the outbreak of the war in Europe the priest has shown a very great interest in the conflict and it is known that the great destruction of life in France has caused him great suffering. Some of his friends are of the opinion that this brooding over conditions in France drove him to distraction.

Charles A. Bradley, a former mail carrier of Page county and a well-known farmer, living two miles north of Luray, lies mortally wounded as the result of a self-inflicted gun-shot wound. Bradley Monday night brought his son Marvin, home on a furlough from the Western State Asylum, at Staunton. Brooding over his son's condition yesterday as he was preparing to come to Luray, he suddenly became possessed with suicidal mania, left his wife, standing in the yard, rushed into the kitchen, secured a shot gun, the property of his son, and placed the weapon over his heart. He then pulled the trigger. His wound will prove fatal.

It has beome known that the administration will throw no obstacle in the way of a bill that will be offered in the House at the forthcoming session by Representative Hay, of Virginia, chairman of the Military Committee, providing pay for enlisted men and officers in the State militia organizations. It is the present purpose of Mr. Hay to provide in his bill that enlisted men shall be paid $50 a year and officers increased amounts, according to rank.

Plans for the organization of a military company at Hopewell will meet with the approval of the State military authorities. According to reports from the powder plant city, the movement is going forward rapidly there and those in charge are confident that more than the required number of men will sign a petition, asking for permission to form the company.

The Campbell county grand jury has indicted T. B. Scruggs, town sergeant of Altavista, on the charge of compounding and concealing several offenses committed by negroes at a church festival near Peterman's Shop in Campbell county, last August. Recently a petition was circulated asking the removal of the officer and the indictment is an outgrowth of that movement.

GIVES UP AFTER 36 YEARS.

Springfield, Ill., Nov. 10.—Tired of being hunted for a murder committed nearly 40 years ago, Benjamin Miller, former town marshal of Riverton, near here, has surrendered at Jena, La., Local officials received the following telegram from Sheriff De Witt, of Jena.:

"An aged man walked into my office this morning, giving the name Benjamin Miller. He says he is wanted for the murder of James Kirlin, at Riverton, in 1879. He tells me that he in near death and that for nearly 40 years he has been a hunted animal, driven from corner to corner of the earth. He says he is tired of it and wants to surrender."

Kirlin was a saloonkeeper. Miller shot him, it is charged, in a quarrel. An officer will be sent for Miller, who is said to be nearly 80.

STOMACH UPSET?

Get at the Real Cause — Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't-care feeling, no ambition or energy, troubled with undigested food, you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. All druggists.

The Olive Tablet Company, Columbus, O.

Board of Aldermen

At a regular meeting of the Board of Aldermen of the city of Alexandria, Va., held November 9, 1915, there were present:

Henry K. Field, esq., President, and Messrs. Brill, Robinson, Ballenger, Wilkins and Summers.

A resolution appropriating $1,200 for the extension of the Henry street sewer northward, received from the Common Council October 26, 1915, and laid over, was adopted by the following vote: Ayes, Messrs. Brill, Robinson, Ballenger, Wilkins, Summers and Mr. President—6. Noes 0.

(In the proceedings of the Board of Aldermen published October 27, 1915, it was erroneously stated that this measure had been passed by the Board, and Thomas A. Fisher, Mayor, returned the resolution calling attention to the fact that the minutes stated the measure had been passed by both boards on the night of its introduction. The minutes were corrected accordingly.)

A communication was received from Thomas A. Fisher Mayor, returning to the Aldermen a resolution directing the Fire Committee to dispose of the horse, harness and buggy now used by the Chief Engineer of the Fire Department. The Mayor took the ground that certain ordinances for the regulation of the Fire Department should have been repealed before this measure was adopted. The Mayor's objections were sustained by the following vote: Ayes, Messrs. Brill, Robinson, Ballenger, Wilkins, Summers and Mr. President—6 Noes, none.

The Mayor also returned to the board a resolution apropriating $100 to erect signs denoting the corporation line and speed limit. He said he was allowing the resolution to become effective without his approval, as it was not in conformilty with section 13 of the charter, it having been passed by five votes on the night of its introduction.

A report of the committee on light providing for making a contract with the Alexandria Lighting Company for placing electric lights in recently annexed territory was presented, and after having been amended was adopted by the following vote: Ayes Messrs. Brill, Robinson, Ballenger Wilkins, Summers and Mr. President—6. Noes, 0.

The report provides for placing forty-three 40-cardle power incandescent lights in the annexed territory.

A resolution appropriating $800 for curb and sidewalk on the north side of Cameron street west of West street to the west line of the new high school building was received from the Common Council and adopted by the following vote: Ayes, Messrs. Brill, Robinson, Ballenger, Wilkins, Summers and Mr. President—6 Noes, 0.

An invitation from the board of governors of the Anne Lee Memorial Home to visit the bazaar now being held in Armory Hall was accepted.

A resolution appropriating $6,316.94 to purchase George Washington Park was received from the Common Council and laid over.

A communication from the Mutual Ice Company asking the city's permission to turn over 46 yards of cobblestones to H. H. Dodge, of Mt. Vernon, was referred to the committee on streets.

The following were received from the Common Council and their action concurred in

Petition of Alexandria-Washington Lodge of Masons concerning disposition of ashes from the City Hall building.

Resolution requesting the City Engineer to furnish estimate of cost of paving with vitrified brick Pitt street from King to Prince.

Resolution appropriating $125 for fire plugs in recently annexed district.

Petition of Jacob Rose for relief from payment of pawnbroker's license.

Report of the committee on streets grade of sidewalk in front of the Central Garage on north Washington street.

Petition of residents for the construction of a sewer on Pendleton street, between Columbus and Washington.

Report of the Committee on Streets on a petition of J. A. Lannon for permission to erect a roof over a stable yard on Pitt street, near Cameron.

Report of the Committee on streets on a petition from C. C. Smoot and Son's Co. for covering of sewer running through their premises.

Report of the Committees on Finance and Streets on a resolution appropriating $1,000 for improving grave yards of the city.

The board then adjourned.

HENRY K. FELD, President.

Howard W. Smith, Esq., President, and Messrs. Marbury, H. R. Burke, Leadbeater, C. S. T. Burke, Brumback, Wattles, Desmond, Bales, Brockett, Pohl, Harrison, Ballenger and Bryan.

A resolution appropriating $6,316.94 for the purchase of the real estate known as George Washington Park was recommended by the committee on Finance, the amount to be available when a satisfactory deed is prepared and ready for delivery to the city. The resolution and recommendation of the committee was adopted, Ayes—Messrs. Marbury, H. R. Burke, Leadbeater, C. S. T. Burke, Brumback, Wattles Desmond, Bales, Pohl, Brockett, Harrison, Ballenger, Bryan—13. Noes 0— Mr President not voting.

The joint committee on finance and general laws reported adversely on a resolution referred to them at the last meeting appropriating $1,000 to improve grave yards and the report was adopted.

The committee on streets recommended that $75.00 be appropriated to cover the opening over the tan yard sewer on the property of C. C Smoot and Sons Company and the report was adopted, Ayes 14. Noes 0.

The committee on Streets reported on a petition of J. A. Lannon referred to them on October 12th, that the petition be granted provided the roof is not more than 14 feet from the ground at its highest point, and provided the area is enclosed with brick walls within twelve months.

The report was adopted.

A resolution appropriating $800 for curb and 10 ft cement sidewalk and parking on the north side of Cameron street from West street to the west line of the new High School was recommended by the joint committee on streets and finance and adopted. Ayes 14. Noes 0.

A petition from the Central Garage to regrade sidewalk on Washington street near King was recommitted to the committee on streets.

A petition for a sewer on Pendleton street between Columbus and Washington streets was referred to the committee on streets.

A petition from Alexandria Washington Lodge of Masons to remove ashes and other refuse from the foot of the building at the Cameron street entrance to the city hall and that ash cans of sufficient size be placed in the north side of the market was referred to the committee on streets.

A resolution instructing the city Engineer to submit estimate for paving Pitt street from King to Prince streets was offered by Mr. Bales and referred to the committee on streets.

A resolution appropriating $125 to buy and install two fire plugs in the recently annexed territory was offered by Mr. Leadbeater and referred to the committee on fire.

A petition from Jacob Rose to be relieved from the payment of a pawnbroker's license for one year and be allowed to pay one quarter of the amount was referred to the committee on Finance.

An invitation to attend a Bazaar at Armory Hall under the auspices of the Anne Lee Memorial Home of the aged, was received and accepted.

The following was received from the Board of Aldermen and their action concurred in:

A message from the Mayor returning without his approval a resolution passed at the last meeting authorizing the fire committee to dispose of the horse, harness and buggy now used by the chief of the fire department.

Also a report of the joint committee on light and finance recommending a resolution to enter into a contract with the Alexandria County Lighting Company for a term of years for the installation of forty three incandescent lamps and three arc lamps to be located in the recently annexed territory, Ayes 14. Noes 0.

Also a petition from the Mutual Ice Company to be allowed to donate to Mt. Vernon forty yards of cobblestones the property of the city.

The board then adjourned.

SAVES DAUGHTER

Advice of Mother no Doubt Prevents Daughter's Untimely End.

Ready, Ky.—"I was not able to do anything for nearly six months," writes Mrs. Laura Bratcher, of this place, "and was down in bed for three months.

I cannot tell you how I suffered with my head, and with nervousness and womanly troubles.

Our family doctor told my husband he could not do me any good, and he had to give it up. We tried another doctor but he did not help me.

At last, my mother advised me to take Cardui, the woman's tonic. I thought it was no use for I was nearly dead and nothing seemed to do me any good. But I took eleven bottles, and now I am able to do all of my work and my own washing.

I think Cardui is the best medicine in the world. My weight has increased and I look the picture of health."

If you suffer from any of the ailments peculiar to women, get a bottle of Cardui *today*. Delay is dangerous. We know it will help you, for it has helped so many thousands of other weak women in the past 50 years.

At all druggists.
